drudgery — the making and keep-

ing of business records and re-

and cheaper, mechanical brains

Electronic computers can do

in a few hours what a battery of

clerks takes months to complete.

But engineers say that electronic

computers may come into more gen-

eral use in business due to new de-

velopments. Electronic tubes only

one-third the size of those now used;

and a new substitute, the transistor,

is little larger than your finger-

tip — which can do many of the

tasks the tube now performs, with-

out overheating as the tube often

does.

These developments could bring

the mechanical brain down to a

size and cost practical for business

use. The transistor, which is a

solid-state device, has been used

in the past 25 years only in

radio and television sets. The ex-

penditure is still high.

Some companies see the mech-

anical brain as the answer. Al-

ready some 100 companies, large

## Unemployment Due to Steel Strike Soars

By GIB STANLEY

PITTSBURGH (AP) — Unemploy-

ment resulting from the great

steel strike of 1952 will be close to

1,000,000 next week unless there's

an unexpected break in the pace

of the nation-wide shutdown. Strik-

ing industries have lost an estimated

1,000,000 jobs since the strike be-

gan.

A big spur in unemployment

will come when Chrysler Corp.

closes virtually all of its extensive

Michigan operations. The corpora-

tion says the shutdown will affect

about 60,000 workers although 14,

000 will be recalled to take in-

ventory.

The Chrysler shutdown comes as

another blow to the big state of

Michigan, where auto production

has been hit by the steel strike.

Ford Motor Co. says it has

already shut down its assembly

plants across the nation and Gen-

eral Motors has shut down its

plants in its huge factory network.

In addition to the 600,000 steel

workers idle, some 42,000 in re-

lated industries have been laid off

as a result of the strike.

While there's no sign of an end

to the strike called June 2, the

CIO United Steelworkers' execu-

tive says the union is not in a po-

sition to agree to resumption of

work until the steel industry

agrees to a 10% wage increase.

Officials of the steel industry

say they are not in a position to

agree to a wage increase of more

than 5% at this time. They say

they are afraid they can't build

up a new plant in the steel in-

dustry because of the high cost

of shipping on the Great Lakes

## Delegate Victories Give Eisenhower a Margin Over Taft

California a Good Bet for Vice-President

CHICAGO (UPI) - California

is the best bet today to elect the

Republican vice-presidential can-

didate for 1952 if Gen. Eisenhower

leads the ticket.

The Golden State is in the al-

pha of the Republican position

having three leading potential vice-

presidential candidates.

They are Gov. Earl Warren and

Sen. Richard Nixon and William

Knowland.

Young Senator Nixon's name ap-

pears more often in newspaper

editorials than the names of the

other two. Nixon was the first

choice of the California delegation

at the party's national convention

in New York City last year. He

was elected to the California dele-

gation by a vote of 10 to 9 over

Sen. Earl Warren and William

Knowland.

Knowland is understood to have

decided against going to the con-

vention. He is believed to be

better off politically in the long

run to the vice-presidency than

either Nixon or Warren. He was

in 1948 the only presidential bid-

der who was elected to the office

and has since been re-elected

three times. He is now a six-year

senator.

Should Knowland stand in this

position and Warren for reasons

of his own or of the Ike camp

stand aside, Nixon would be

directly acceptable to Eisenhower

Your correspondent was up on

Narrow lake last night with a

couple of his auditors, and just

they got back safely.

I don't know what the radio sta-

tion is reporting on the state of

fishing last night and today but

the fish we caught (and threw

back) were just barely as big as

our bait. These fish weren't hun-

gry - they just wanted to fight.

We cooked and ate on the boat,

anchored in Bear Creek bay. It's

a double-barreled pleasure: not

only does the food taste better

in the wilderness, but cleaning up

the dirty dishes is a cinch. You

just throw 'em overboard and hear

em splash. At first my conscience

was a little bit bothered by the

idea of a lovely lake with paper

trash, but considering the 80 cent

we were parked over I guess it

would take a million years to

make any difference.

A big spurt in unemployment

The Chrysler shutdown comes as

another blow to the big state of

has been hit by the steel strike.

Ford Motor Co. Company al-

In addition to the 600,000 steel

## Deny Church Group Hit by Ptoamaine

SILKAM SPRINGS, Ark. (P) — An Arkansas Baptist Assembly physician denies that same 200 persons attending a meeting here were sixteen with food poisoning last Sunday — as previously reported by the State Board of Health.

Dr. L. D. Reagan of Little Rock said last night that none of the delegates had been admitted to the hospital, none of them suffered from food poisoning.

Benton County Sanitarian Robert Bogie reported to the State Health Board at Little Rock yesterday that some 200 persons at the camp contracted food poisoning. He said the illness was caused by improper refrigeration.

**Defeat on Delegate Issue in Bitter GOP Convention Is Crippling Blow for Taft**  
By JAMES MARLOW  
CHICAGO (AP)—The deadly battle between the rival factions in the Republican convention exploded all over the place last night. And when the delegates stopped fighting, Sen. Taft had lost another, perhaps the vital, battle to Gen. Eisenhower.

During his campaign to win the Republican nomination Taft has repeatedly spoken scornfully of Dewey who twice himself had won the nomination (once beating Taft out of it but had lost both times to the Democrats in the elections. Taft decided what he called the "Dewey" issue last night.

Dewey's 86 New York delegates have been one of the main controversial factors in the convention. Taft, however, has almost solidly with Dewey for Eisenhower.

More than that, Dewey and Herbert Brownell, twice the main spring in getting Dewey's nomination, have worked behind the scenes for the general. Dewey and Brownell are credited with being two of the best wirepullers in the business.

Dewey hasn't spent much time attacking Taft personally. He's used his energy to wound Taft where it most likely will hurt him by lining up votes against him.

On Monday, the convention's opening, 95 of the 96 New York delegates, headed by Dewey, voted for Taft. The delegates from the Blue Islands, however, voted for Dewey. This was the vote not to let delegates decide vote on other disputed delegates.

This was the first test of strength between the Dewey forces and Eisenhower won. The result was a stunning blow to Taft. In the two days that followed, Dewey and Brownell had more time to damage Taft behind the scenes by trying to stir up still-uncommitted delegates to the general.

At any rate, the convention's public attacks on Dewey began in earnest. A loudspeaker blared through the Chicago streets: "Dewey is full of hokey" and "Phony on Dewey" and "Dewey is a blundering fool." "Dewey is a blundering fool" was the time of "Three Blind Mice."

This attempt to discredit Dewey and Eisenhower reached its peak with the session last night. In the two days that followed, Dewey and Brownell had more time to damage Taft behind the scenes by trying to stir up still-uncommitted delegates to the general.

The next two weeks should  
decide the fate of Stanley's St.  
Louis Cardinals.

Beginning tonight, the red-hot  
Redbirds take on Philadelphia  
Brooklyn and New York in suc-  
cession before closing out their home-  
stay with Boston in an 11-game  
stand against the Eastern cities.

By then, the sizzling Cards may  
be a few days away from having  
established themselves as a solid  
team with the Dodgers and Giants.

Currently the hottest club in the  
National League, the Cards are  
tipping high on a nine-game win-  
ning streak with 10 triumphs in  
their last 29 games. Wallowing in  
the second division a month ago,  
the Redbirds have pushed into  
third place. P's games behind  
Brooklyn.

Stanley, though well aware of the  
Dodgers' healthy 15-game edge on  
the standings, refuses to concede a  
thing to Brooklyn and New York.  
"We're going good right now.  
There is no reason why we  
shouldn't continue to win. We  
picked up four games on the Dodgers in a  
little over a week. And we're going  
to pick up more around this race.  
Stanley's optimism was based on  
the fact that his team has shown it  
can beat the Dodgers. The Cards  
took a 3-2 margin over the league  
leaders. Only six Giants have an  
advantage over them, that by the  
margin 7-6 edge.

The Cards' sudden surge has  
been a team affair with nearly all  
regulars sharing the credit. But  
the man most responsible, even  
more so than Stan (The Man) Mu-  
niel, has been Elmer (Country)  
Slaughter. The 26-year-old war-  
horse, who refuses to bow to age,  
is enjoying one of his best seasons.

The fourth leading hitter in the  
league with 314, old Country has  
been using his bat with devastat-  
ing effect in the past two weeks.  
He's driven in nearly half of his  
49 runs during that time and he

tained his steady, inequitable

Red Schenck, Sully Hemm,

team's recent success. Al Brazil

the mound.

While the Cards are threatening  
to make a three-team affair of the  
National League race, the Ameri-  
can continues to resemble a fox  
hunt with Cleveland, Washington,  
Boston and Chicago chasing the  
New York Yankees. The Wolf  
pack showed speed of foot during  
the last week to move into the  
new-top spot, three games behind  
the Yankees. The Indians, Sen-  
tars and Red Sox are not far be-  
hind.

The Yankees face an opportunity  
to increase their first-place mar-  
gin, launching a 14-game home  
stand tonight with the St. Louis  
Browns as the first of four West-  
ern opponents. The White Sox en-  
gaged the Senators in Washington,  
the Indians are the guests of the  
Red Bice and Athletics in Philadelphia and the  
Red Sox are hosts to Detroit in  
Boston.

In the National, Brooklyn inau-

West with an afternoon clash in  
Chicago, the Giants tackle Pitts-  
burgh in their road opener and  
the Cards engage the revived  
Phillies. The Braves and Red  
open a two-game series in Cin-  
cinnati.

Edel Nix went all the way on  
the mound for Hope, Purdie  
in the losing pitcher. He gave up 13  
hits and 3 walks; Nix yielded 8  
hits and 3 walks.

## Hope Rolls Over Tomics by 10 to 1

With the help of Gary Anderson's  
hitting, four for five, and Manager  
Flaggano's homer in the top of the  
seventh, the Hope Legionnaires  
coasted to a 10-1 victory over  
the Red River Tomics at Tex-  
arkana Wednesday night.

The early mixture of walks, er-  
rors and a few scattered hits  
brought a 3-3 deadlock in the sixth  
and it lasted until the bottom  
of the 11th, when Nashville right-  
hander Pete Modica took over  
pitching chores for the all-stars.

Sicily supplied most of the war-  
rior's sublimus for centuries.

## New Orleans Whips Dixie All-Stars

Has supplied the Southern Associa-  
tion surprises all season and the  
latest eye-opening event — a 4-3  
decision over the league all-stars  
last night — just follows naturally.

But the way the Pelicans won  
the 11-inning game caused a few of  
the more sensitive eyebrows to  
slip up a notch.

It took a New Orleans-reared  
pitcher to bring the Pelicans their  
first all-star victory — and that  
pitcher plays for Nashville.

The next two weeks should  
decide the fate of Stanley's St.  
Louis Cardinals.

Beginning tonight, the red-hot  
Redbirds take on Philadelphia  
Brooklyn and New York in suc-  
cession before closing out their home-  
stand before leaving for an 11-game  
stand against the Eastern cities.

By then, the sizzling Cards may  
be a few games better than the  
other clubs, but they have  
established themselves as a solid  
team with the Dodgers and Giants.

Currently the hottest club in the  
National League, the Cards are  
telling high on a nine-game  
winning streak with 10 triumphs in  
their last 29 games. Walling in the  
second division a month ago, the  
Redbirds have pushed into  
third place. P's games behind  
Brooklyn.

Stanley, though well aware of the  
Dodgers' healthy 15-game edge on the  
standings, refuses to concede a  
thing to Brooklyn and New York.

"We're still got an outside  
chance for the pennant," he said.  
"We're going good right now.  
There is no reason why we  
shouldn't continue to pick up  
four games on the Dodgers in a  
little over a week. And we're going  
to pick up more around this race.  
Stanley's optimism was based on  
the fact that his team has shown it  
can beat the Dodgers. The Cards  
took a 3-2 margin over the league  
leaders. Only the Giants have an  
advantage over them, that by the  
margin 7-6 edge.

The Cards' sudden surge has  
been a team affair with nearly all  
regulars sharing the credit. But  
the man most responsible, even  
more so than Stan (The Man) Mu-  
niel, has been Elmer (Country)  
Slaughter. The 26-year-old war-  
horse, who refuses to bow to age,  
is enjoying one of his best seasons.

The fourth leading hitter in the  
league with 314, old Country has  
been using his bat with devastat-  
ing effect in the past two weeks.  
He's driven in nearly half of his  
49 runs during that time and he

## New Orleans Whips Dixie All-Stars

has supplied the Southern Associa-  
tion surprises all season and the  
latest eye-opening event — a 4-3  
decision over the league all-stars  
last night — just follows naturally.  
But the way the Pelicans won  
the 11-inning game caused a few of  
the more sensitive eyebrows to  
slip up a notch.

It took a New Orleans-reared  
pitcher to bring the Pelicans their  
first all-star victory — and that  
pitcher plays for Nashville.  
The early mixture of walks, errors  
and a few scattered hits  
brought a 3-3 deadlock in the sixth  
and it lasted until the bottom  
of the 11th, when Nashville right-  
hander Pete Modica took over  
pitching chores for the all-stars.

Silently supplied most of the war-  
ping for the all-stars.  
Each team got only seven hits  
with four of the all-stars coming  
after they had finished scoring.  
Walks and errors did more dam-

tained his steady, inequitable  
pace and Pennis Lowrey,  
Red Schenck, Sully Hemm,

National League race, the Ameri-

Boston and Chicago chasing the  
New York Yankees. The Wolf

The Yankees face an opportunity  
to increase their first-place mar-  
gin, launching a 14-game home  
stand tonight with the St. Louis  
Browns as the first of four West-
